Supplement to Summer 2010 Client Newsletter

RE: Health Insurance Reporting

Because of the rash of incorrect messages circulating on the internet and/or in mass e-mailings, more clarification is required to the entry which is the last item in the 3rd column of pg. 2 of this Newsletter.

This cost of employer-paid health insurance will appear on 2011 W-2's, but it will only be a FYI item; it will not be included in taxable wages.
